**College Affordability and Transparency Lists**

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

**Interactive Edits and Error Messages**

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

**Context Boxes**

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

**Section 1: Comparison Chart**

**Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

**Note:** Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

**Screen: Part C, Page 2 - Enter Information about Group 2**

Upload File	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 1,064 and 1,594 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	Number was verified by Financial Aid. Change is believed to have been the result of the number of applicants that were accepted for the incoming class vs the number of students that submitted FAFSA's vs the number of students that actually attended. Those who do not attend may have been awarded but when they do not attend, the federal funds that had been allocated to them are redistributed and could have gone to people falling outside of that group.			

**Screen: Part E - Enter Information about Group 4**

Upload File	The total amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 4,469,962 and 7,449,936 based on the prior year value. Please correct your data or explain. (Error #7332)	Explanation	Yes	
Reason:	Financial Aid verified the amount. They have stated the increased amount is due to the increase in the number of students that fall into the group classification.
