Question: Describe the most important aspects of this course that fostered your learning.

Response Rate: 100.00% (5 of 5)

1	We love WCU and the community of student support.
2	WCU faculty and staff support the students and are an asset for learning and maturing adults. It takes a village to raise the students with Advising, Career Services, DCA, Mail operations, Admissions, Financial Aid, Housekeeping, Administration, Transit Services, Parking Service, Military Services, Multicultural Affairs, WaLC, Math Tutoring, Student Engagement and Community Services, and the MHC are just a few. Thank you so much for the work and dedication. There are nearly 10,000 characters possible in these comments field.
3	This is a test run to see how comments and scoring accumulate.
4	I love the outdoors and am so glad I chose WCU! Great area and faculty.
5	Course evaluations open following the Withdrawal period (70% of instructional time), but before exams. Faculty Senate sets the criteria on when these can be opened and closed. We are not allowed to extend these dates.

Question: Describe changes that could be made to this course to foster learning.

Response Rate: 100.00% (5 of 5)

1	Verifying that all comments and statements are confidential and anonymous.
2	The timing of evaluations is set to minimize bias and to have the most uncompromised process. This new survey will be shorter and faster than the previous surveys that we have used since 2007.
3	The rain is refreshing and invigorating. Learning is a great experience that requires a good deal of deliberate time, space, and energy.
4	The campus is beautiful and peaceful when the parking lots are not overcrowded. :)
5	Learning is key to success in life and opens doorways for promotion and progress through selected fields. WCU has 10,000 students that attend this campus and the county has a population of 43,000. If that is so, WCU is close to 25% of JC population.
